## ✨ Recommended for You

Courses matching your learning goals

### Advanced Node.js

`Node.js` Udemy

Learn scaling, streams, and performance in Node.js

h • No certificate    **Enroll**

### Database Design and SQL with PostgreSQL

`PostgreSQL` Coursera

Learn SQL and relational database design using PostgreSQL

h • No certificate    **Enroll**

### Front-End Web Development with React

`React.js` Coursera

React.js front-end development for full-stack engineers

h • No certificate    **Enroll**

### The Complete SQL and PostgreSQL Developer Course

`PostgreSQL` Udemy

Comprehensive PostgreSQL and SQL course with projects

h • No certificate    **Enroll**

### 📖 React.js
Modern JavaScript library for building UIs

BEGINNER

+ Add Skill

### 📖 Node.js
JavaScript runtime for backend development

BEGINNER

+ Add Skill

### 📖 Python
General-purpose programming language

BEGINNER

+ Add Skill

### 📖 Machine Learning
AI pattern recognition and prediction

BEGINNER

+ Add Skill

### 📖 PostgreSQL
Advanced open-source relational database

BEGINNER

+ Add Skill

### 📖 UI/UX Design
Principles of designing great interfaces

BEGINNER

+ Add Skill

### 📖 Data Structures
Core CS concepts for efficient algorithms

BEGINNER

+ Add Skill

### 📖 Cloud Computing
Deployment on AWS, Azure, GCP

BEGINNER

+ Add Skill

### 📖 Mobile Development
Android & iOS app building

BEGINNER

+ Add Skill

### 📖 Blockchain
Decentralized apps and smart contracts

BEGINNER

### 📖 React.js
Modern JavaScript library for building UIs

BEGINNER

### 📖 Node.js
JavaScript runtime for backend development

BEGINNER

### 📖 Node.js Full Stack Development
Learn backend and API development using Node.js and Express

Coursera  Node.js

🔗 View Course

### 📖 Machine Learning by Stanford University
Andrew Ng's best-selling ML course — learn algorithms, data science, and AI

Coursera  Machine Learning

🔗 View Course

### 📖 React – The Complete Guide (incl Hooks, Redux)
Modern React.js training covering Hooks, Redux, and projects

Udemy  React.js

🔗 View Course

### 📖 Python for Everybody
Learn Python from scratch — build applications and analyze data

Coursera  Python

🔗 View Course

### 📖 React Native – The Practical Guide
Build cross-platform mobile apps using React Native and Expo

Udemy  React.js

🔗 View Course

### 📖 Database Design and SQL with PostgreSQL
Learn SQL and relational database design using PostgreSQL

Coursera  PostgreSQL

🔗 View Course

### 📖 Machine Learning A–Z: Hands-On Python & R
Practical ML course covering algorithms and model deployment

Udemy  Machine Learning

### 📖 Deep Learning Specialization
Master deep learning, CNNs, RNNs, and sequence models

Coursera  Machine Learning

### 📖 PostgreSQL for Everybody
Intermediate PostgreSQL, advanced queries, and functions

Coursera  PostgreSQL

# Events & Hackathons

Discover upcoming events, hackathons, and competitions

## ZeroDay Cloud Security
📅 Dec 01, 2025 - Dec 01, 2025

Cloud Security Hacking Competition - find zero-day vulnerabilities in core open-source software powering the cloud.

Security  Cloud  Online

🔗 Learn More

## Chennai Startup Weekend
📅 Dec 03, 2025 - Dec 05, 2025

Transform your startup idea into reality in 54 hours.

Startup  Entrepreneurship  Chennai

🔗 Learn More

## Data Science Challenge 2025
📅 Dec 05, 2025 - Dec 07, 2025

Solve complex data science problems and compete with the best minds.

Data Science  Analytics  Online

🔗 Learn More

## THC x DCC Hackathon
📅 Dec 06, 2025 - Dec 06, 2025

Collaborative hackathon bringing together developers, designers, and innovators from Tech Horizons Club.

Hackathon  Collaboration  Tech

👥  🔗 Learn More

## Chennai College Coding Marathon
📅 Dec 08, 2025 - Dec 09, 2025

Inter-college coding competition for students across Chennai colleges.

Coding  Chennai  Students

## UI/UX Design Sprint
📅 Dec 09, 2025 - Dec 10, 2025

Design beautiful and user-friendly interfaces in this design sprint.

Design  UI/UX  Online

# AI Course Recommendations

Personalized course suggestions based on your skills and interests

**Refresh Recommendations**

## Data Structures and Algorithms Specialization

`Coursera`  `Data Structures & Algorithms`

✨ This specialization directly matches your existing 'Data Structures' skill, offering a complete curriculum.

Complete DSA specialization

🕐 200h    Certificate Available

🔗 **View Course**

## Master the Coding Interview

`Udemy`  `Data Structures & Algorithms`

✨ Leverages your 'Data Structures' skill for interview preparation, a common application of DSA.

DSA for technical interviews

🕐 19h    Certificate Available

🔗 **View Course**

## AWS Fundamentals Specialization

`Coursera`  `AWS Cloud`

✨ Directly aligns with your 'AWS Cloud' skill, providing foundational knowledge in AWS.

Learn AWS cloud services

🕐 80h    Certificate Available

🔗 **View Course**

## AWS Certified Cloud Practitioner

`Udemy`  `AWS Cloud`

✨ Builds upon your 'AWS Cloud' skill with a course specifically designed for certification preparation.

AWS certification preparation

🕐 15h    Certificate Available

🔗 **View Course**

## JavaScript Algorithms and Data Structures

`freeCodeCamp`  `JavaScript`
